

GRAND TRAVERSE AREA LOCAL MOTION

IT'S ABOUT MONEY

¹The annual transportation costs in Grand Traverse are sky-high. In fact, the average Grand Traverse Area family spends about \$15,000 year on transportation alone. With these mounting costs, many families must choose between buying essential items or filling up their gas tanks. Small changes in the way we get around could ease our budgets.

You could save **\$9,000/yr** by dropping 1 car.²

HOW TO BOOST YOUR COMMUTE

SHARE A RIDE

Carpooling three out of five days a week could save you nearly \$1,7000 annually and you may even enjoy the ride. Ask your coworkers about it—they might be headed the same way.

BIKE SHARE OR CAR SHARE

Employers can provide short-term car or bike rentals for attending meetings or running errands so you can leave your car at home.

LOCATION, LOCATION, LOCATION

Communities can build new homes near bus lines and safe bike routes so people don't have to depend on cars to get around.

Local Motion is a new northwest Michigan program to improve transportation choices in the Grand Traverse area, and make it easier for us to carpool, bike, bus, or walk to work.
